Two Steps Forward - CMS-1500 Electronic Submission Requirement for NY Workers' Compensation: What You Should Know

As I hope you are already aware, medical reports in the New York (NY) Workers' Compensation system utilize a version of the CMS-1500. This becomes **effective on August 1, 2025**. If you are still using the C-4, first make a call to your biller or billing department and then continue to read about these critical developments.

While the form may be the same as for other health insurance plans, it is important that your billers recognize that the contents are specific to a Workers' Compensation case. The use of the various elements of the CMS-1500 specific to Workers' Comp are outlined in the Workers' Compensation Board (WCB) Medical Portal and can be found at https://www.wcb.ny.gov/CMS-1500/requirements.jsp. Key among the various usage differences are listing the employer's information as the "insured" and the Workers' Comp carrier as the "Payer" in most cases. Instead of the "date of birth," the accident date is used. In a number of places, "other" is to be used when a choice is presented. Also, the injured worker's Social Security number is to be used instead of their contract number with a general health care carrier, and there is a required field (9A) where the WCB Case number (if known) must be entered. The various usage is found in a "Field table" that is aimed at XML submission partners.

The "two steps forward" benefit is that the provider can use a different format which will be converted by the submission partner. How much the format can vary from the ultimate form going to the Board will depend on the submission partner. Many submission partners can take data from the electronic medical record. These issues should be part of the decision process on choosing a submission partner.

MetraComp

Since Workers' Compensation cases require more information than can be included on the CMS-1500, additional information must be provided. For a visit report by a physician or NP/PA, a narrative must be attached to the CMS-1500. This narrative report must include a causal relationship of the injury/illness to the patient's work activities, the patient's work status, and the temporary impairment percentage. Although a medical visit note may be used, it must include these essential elements. The use of a template is strongly suggested, and an example template has been provided at https://www.wcb.ny.gov/CMS-1500/Medical_Report_Template.pdf.

For impairment rating reports, the CMS-1500 is also to be used, and the C-4.3 is to be attached. C-4.3 forms will no longer be accepted as individual forms, and if a separate C-4.3 is sent to the WCB, the Board has indicated it will be rejected. The submission partners have also been instructed to reject CMS-1500 submissions that are not accompanied by the required medical narrative and/or attachment.

You may already be submitting CMS-1500 to the WCB. If so, that is great. As of **August 1, 2025**, all CMS-1500s are required to be submitted <u>electronically</u> to the WCB via a "submission partner." These are companies that have been vetted by the WCB to be able to take the elements of the CMS-1500 for a Workers' Compensation case and add certain elements and put the data in a form acceptable to the WCB. Many providers are already working with a submission partner. The change is that the use will be required. Paper versions of the CMS-1500, online versions, or use of a non-vetted submission partner will no longer be acceptable.

The Board has authorized the use of code 99080 but only up to one dollar (\$1.00) or less depending on the charge to the provider. If you have a large volume of Workers' Comp cases, the charge from the submission partner may be tolerable. Cost may be a factor if your volume of Workers' Comp cases is low.

So why is this not "two steps back"? What do you get in return? The Board indicates that the benefits of electronic submission include faster bill payments and reduced administrative burden because the electronic submission partner submits CMS-1500 to the insurer and the Board. These seem to be the case with those submitting electronically at present, but it remains to be seen if that translates to volume. What does seem likely is the faster identification and correction of technical errors, including being able to resubmit without having to wait for the carrier to deny the bill. Another key benefit is promised to be an increased certainty that the insurer has gotten the form since an electronic receipt is to be given to the provider, and the Board indicates there will be acceptance or rejection of the bill within seven days.

So, what next? If you are already submitting CMS-1500s electronically, it is likely that you are already signed up for electronic submission. There is an Excel list that is found at <a href="https://www.wcb.ny.gov/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1500/CMS-1

Next, check that the submission partner you are using is vetted by the WCB to submit the CMS-1500. This can be found at

https://www.wcb.ny.gov/content/ebiz/XMLSubmissions/xmlSubmissions_vendorList.jsp. If your vendor is on this list, you are ready to submit CMS-1500s electronically. If not, you need to arrange to use one of the listed submission partners. Since at the present time only eight vendors are listed, this may be

a step backwards as you will have to submit Workers' Compensation CMS-1500 through one of these groups and may have to change vendors for at least the Workers' Compensation forms.

Remember, as of **August 1, 2025**, the only way you can submit bills and attach reports is electronically via one of the submission partners. Insurance carriers and third-party administrators will no longer accept hard copy bills, which will result in delays of payment to you and backlogs in receivables. A caveat is that the WCB does not endorse any specific submission partner and has no knowledge of any other aspect of the electronic submission partner's business and expressly indicates that the Board makes no representations or warranties, express or implied, as to any aspect of the electronic submission partner's business.

Additional information can be found at https://www.wcb.ny.gov/CMS-1500/faqs.jsp#providers. If you are encountering problems with the CMS-1500 process or have additional questions, please send an email to CMS1500@wcb.ny.gov. I would also welcome information as to how things are going for the MetraComp providers. You can reach me at KAuerbach@aol.com.
