Julie Black

Director, Clinical Services

Julie Black is the director of clinical services for Pharmacy Solutions. In her role, she is responsible for PBM clinical operations, including formulary and clinical program management, Drug Utilization Assessments and Provider Outreach, and clinical account management. Prior to joining Pharmacy Solutions, Julie served as a clinical liaison for a large workers' comp PBM, providing clinical guidance and program management to clients including TPAs, insurers, and employers. Julie has over ten years of experience within the workers comp PBM industry having worked previously in the areas of clinical operations, product development and account management. In addition, Julie has experience outside of workers' comp, including Healthcare Reform, Pharmacovigilance, and retail pharmacy. Julie graduated with a bachelor's degree in Pharmacy from the University of Missouri-Kansas City.
