

Rebecca Morgan

Vice President of Product Management

Rebecca Morgan is Vice President of Product Management for Mitchell's Casualty Solutions Group. She currently leads the product management team responsible for Mitchell's casualty software platforms. Prior to her role in product management, she led software engineering teams responsible for these same software platforms. Rebecca has been in the P&C industry for more than 25 years, with 13 of those years at Mitchell.

Her extensive experience in software and creating advanced claims processing solutions are a reflection of her broader passion for continuous improvement, leading teams to high performance and forming strong partnerships with customers.

Rebecca holds a Master of Science degree from Boston University in Information Systems and a Bachelor of Science degree from Brigham Young University in Computer Science.
