Cameron Hannum, Pharm.D.

Senior Clinical Account Pharmacist

Cameron is a senior clinical pharmacist for Enlyte Pharmacy Solutions. In his role, he serves in a client-facing capacity as part of the pharmacy benefit Management (PBM) team and is responsible for supporting and partnering with insurers, third-party administrators and direct employers in developing and operationalizing strategic pharmacy initiatives for their clinical programs. Cameron has large retail chain pharmacy experience, and he has worked the past 6+ years within the workers' comp PBM industry. He has a strong clinical background and demonstrated history of process improvement. His Doctorate of Pharmacy (Pharm.D) is from the University of Arizona and he has a Bachelor’s in Business Administration (BBA) with a Finance and International Business focus from Loyola University – Chicago.
