

Spencer Sherman, Pharm.D.

Pharmacist, Clinical Accounts

Spencer is a clinical pharmacist for Enlyte Pharmacy Solutions. In his role, he serves in a client facing capacity as part of the Pharmacy Benefit Management (PBM) team and is responsible for supporting and partnering with insurers, third party administrators and direct employers in developing and operationalizing strategic pharmacy initiatives for their clinical programs. Prior to joining Enlyte, Spencer worked as a staff pharmacist for a large retail pharmacy chain. Spencer graduated with a bachelor's degree in Kinesiology from California State University San Marcos and a Doctor of Pharmacy degree from Midwestern University in Glendale, Arizona.
