Dr. Mitch Freeman, Pharm.D.

Chief Clinical Officer

Dr. Mitch Freeman is the chief clinical officer for Enlyte Pharmacy Solutions. In his role, he is responsible for the strategic direction for the clinical product and programs and leads the division's account management organization. Dr. Freeman has been recognized as a leader in innovative clinical solutions for both the workers' comp and auto casualty industries and is a frequent author and speaker. His clinical case study on Enlyte's Opioid Reduction Program was recently featured in the peer-reviewed Journal of Occupational and Environmental Medicine.

Freeman has more than twenty years of P&C industry experience and is a graduate of Florida A&M University where he received his doctorate of pharmacy.
