Vocational Rehabilitation, Re-Employment and Return to Work

Event Details

When: November 18, 2021 @ 2:00PM EST [On-Demand](#)   Where: [Online Event](#) [Online Event](#)

Millions of Americans currently live with a disability that requires workplace modifications. This course provides an overview of assessments designed to screen and assess employees' vocational status based on the level of disability. The instructor will review statistics and data associated with return-to-work programs, lost-time injuries, and lost return-to-work days, and provide best practices to assist the adjuster and case manager in modification decision-making.

This webinar has passed. If you missed the live presentation, you can access the webinar recording. No CE credits will be awarded for watching the on-demand event.
