Genex

Genex recognizes its extraordinary case management team through its 2017 Heart of Case Management Awards.

Genex's case managers are renowned for their unique experience, empathy and commitment to improving the lives of thousands of injured workers each year. Genex designed the Heart of Case Management program to commemorate the significant contributions these exceptional telephonic, field, and catastrophic case management professionals make on a daily basis. Click here to read the full news release and learn more about

the winners' stories.
