Workers' Comp

Webinar: Onsite Return to Work: A Sikorsky Approach

Event Details

Start: April 21, 2021 @ 1:00PM EDT End: @ Location: Online Event

Since Lockheed Martin (LMC) acquired Sikorsky, medical treatment return-to-work (RTW) protocols have been developed in collaboration with Sikorsky and the local providers. Genex, LMC/Sikorsky and providers worked together to create job analyses and identified light duty jobs/tasks that could be utilized for various conditions down to injury by body part. These protocols have been incorporated into an onsite RTW program which has resulted in a 49% reduction in the number of lost time days.

Presenters

- Lea Sampiere, Manager, Sikorsky Medical Department Operations, Sikorsky, a Lockheed Martin Co.
- Judy Meyer, MBA, RN, LNCC, Manager Utilization Management, Genex Services
- Maria Bayne, President, Bayne Consulting
