Our office in Tampa Bay, Florida is home to one of the coolest office spaces in Tampa according to the Tampa Bay Business Journal.

Mitchell MCN employees often host game nights in the office, complete with table tennis, indoor golf, Jenga, and more. According to one colleague, "The entire office is very open and surrounded by large windows that allow the beautiful Florida sunshine to cover each and every work station so that we can honestly say, 'There's not a bad seat in the house.'"

Congratulations to the team in Tampa for winning this fun award!
