Jennifer Stephens

Director, Operations

Jennifer Stephens serves as the director of operations for the ClinicalCare24 program. She brings a strong focus on innovation and client satisfaction to her role. With expertise in nurse triage, RTW programs, case management, and various other managed care products, she excels in retaining and expanding client relationships. She identifies clients' needs and introduces tailored solutions that enhance profitability by reducing costs. Her strategic approach to operations, coupled with her commitment to aligning with clients' interests, makes her a pivotal leader in driving business growth.

Areas of Expertise

Nurse Triage
