# Connected Claims USA Summit

## Event Details

Start: February 20, 2018 @ 7:00PM EST On-Demand  End:  @  On-Demand

Connected Claims USA Summit 2018 will feature Mitchell's President and CEO, Alex Sun, in a plenary session focused on Technology Trends and Automation to enable a better claims management experience in the Future. At the Connected Claims USA conference, join claims visionaries and leaders to gain inspiration and tools for immediate implementation from innovative insurance case studies. With new technologies enabling both operational efficiency and a superior customer experience, from artificial intelligence to drones and mobile customer communication methods, it is a critical time for claims executives to explore opportunities to innovate their processes.
