

Workers' Comp

Aging Workforce, Medication Safety and Cyber Security in the Workers' Compensation Industry

Event Details

Start: April 20, 2020 @ 8:00PM EDT End: @ Location: Online Event

Want to learn more about how your organization can manage the aging workforce, medication safety and cyber security? Watch this on-demand webinar, where Mitchell | Genex experts Michele Hibbert-Iacobacci, Ron Skrocki and Rebecca Morgan discuss these top workers' compensation issues and offer actionable best practices to better manage these challenges. You will learn:

- Strategies for addressing changes within your workforce, including retiring adjusters and onboarding a new generation of employees.
- Best practices for implementing a medication safety program.
- Industry standard security requirements you and your partners should adhere to.
