Drug Trends Analysis: Evaluating an ever changing pharmacy landscape in workers' compensation

Event Details

When: October 9, 2018 @ 12:00AM EDT On-Demand Where: Online Event Online Event

Employers, carriers and TPA face numerous challenges in managing pharmacy care in workers' compensation. The opioid epidemic, emerging drug classes and dispensing channels, and numerous regulatory changes all require new levels of analysis and understanding. This webinar provides insightful perspectives on the trends behind these and other pharmacy related challenges.
