Workers' Comp

Evaluating Pharmacy Trends in Workers' Compensation

Event Details

When: December 4, 2019 @ 12:00AM EST On-Demand Where: Online Event Online Event

Employers, carriers, and TPAs face numerous challenges when managing pharmacy in workers' compensation. The opioid epidemic; emerging transformations in pharmaceutical design, drug manufacturing, and medication delivery; and frequent regulatory changes all require new levels of analysis and understanding. This webinar provides insightful perspectives on the trends behind these and other pharmacy-related insights.
