Coordinating Injury Recovery with Specialty Solutions

November 16, 2024
1 MIN READ

Recovering from an injury isn't always straightforward. That's why we offer a comprehensive range of services, all supported by clinical oversight and a national specialty provider network. These services can work together or stand alone to meet the specific needs of each case:

- Bone Growth Stimulation
- Catastrophic Care
- Diagnostic/Imaging Services
- Durable Medical Equipment
- Electrical Stimulation Devices
- Facility Care Management
- Hearing Aids
- Home Health Care
- Home/Vehicle Modifications
- Hospital Discharge Planning

- Interpretation & Translation
- Medical Supplies
- Medical Transportation
- Mobility Devices
- Orthotics & Prosthetics
- Physical Medicine
- Respiratory Services

We strive to provide a streamlined, cost-effective approach that benefits both injured employees and organizations alike. Learn more about our comprehensive suite of specialty solutions and how we can help you achieve better return-to-work outcomes.

Watch now and discover how **Apricus Specialty Solutions** can transform your approach to injury recovery.
