Dora Morris

Director, National Accounts

Dora has over 24 years of leadership experience working in the health care and workers' compensation industry. Her responsibilities include providing leadership and strategic direction to sales and account management. These teams partner with and support insurers and third-party administrators in the development of program initiatives that deliver prompt and accurate services. Her expertise and record of accomplishments in development, strategy and innovation promote the growth of services for new and existing clients nationwide. Dora received her Bachelor of Science in Social Work from George Mason University.
