Workers' Comp

Risk & Insurance: How This Nurse Case Manager Is Using Her Skills to Help Health Care Workers Cope with Burnout

February 1, 2021
1 MIN READ

COVID-19 is increasing burnout amongst health care workers. This Nurse Case Manager is trying to help them cope.

In a hospital slammed with COVID-19 patients, doctors and nurses see death and severe illness every day. They may work long shifts with patients who struggle to breath without ventilators. Some will luckily survive, but some will unfortunately pass away, making a death an everyday reality for the medical workers fighting the pandemic.
