Workers' Comp

# WorkCompWire: Pandemic Protocol: Work Comp Guidelines for COVID-19

April 20, 2020
1 MIN READ

**By Leanne Bronold, Clinical Guidelines Manager, Genex Services**

In recent weeks, health care professionals have looked to the CDC and WHO for guidance on how to best treat the evolving coronavirus pandemic. However, for workersâ€™ comp professionals, few standards are available that focus on issues most pertinent to their industry and the needs of injured employees.

Continue reading.
