Workers' Comp

WorkCompWire: When Red Flags Appear, IMEs Provide Insight to Take the Next Step on a Claim

April 13, 2020
1 MIN READ

By Richard Leonardo, Senior VP of IME and Specialty Services, Genex Services

Even in midst of the COVID-19 pandemic, independent medical examinations (IMEs) remain an important part in moving claims forward and making sure the injured worker is on the right path to recovery. For this reason, it's imperative that workers' comp professionals stay vigilant and use IMEs as a tool when they face claim discrepancies.
