Workers' Comp

How Can You Ensure Your UR Vendor is the Hiring the Right Physicians?

October 7, 2019
1 MIN READ

By Dan Maldonado, Clinical Director at Genex Services

The success of a utilization review organization depends on the quality of its physician network. UR physicians impact all stakeholders on a workers' compensation claim when they render a determination of medical necessity. For this reason, it's important to know how your UR organization recruits and credentials the physicians in its network.
