WorkCompWire: Shore Up the Home Health Staffing Shortage with a Deep Bench of Expertise

March 13, 2019
1 MIN READ

When employees sustain complex, severe or catastrophic injuries, they may require home health services. Today, there are significant challenges facing home health, which could affect our industry's ability to meet the home care needs of injured employees. We must be aware of these issues and be prepared with strategies to minimize resulting risks.
