Make Plans to Attend Enlyte Envision 2026: Where Innovation Meets Paradise

Enlyte Envision 2026 brings together the brightest minds in auto and workers' comp claims management for an exclusive, invitation-only experience where innovation, strategic insights and meaningful connections converge in the stunning coastal setting of Carlsbad, California.

Why Industry Leaders Make Enlyte Envision a Priority

Actionable Data and Expertise—Participate in expert-led sessions tailored for executives navigating today's most complex challenges in auto casualty, workers' compensation and disability claims management.

Breakthrough Innovations—Be the first to experience cutting-edge technology advancements that are reshaping how claims are managed, analyzed and resolved, to get injured employees back to work and drivers back on the road.

Executive Connections—Network with fellow industry leaders through thoughtfully curated experiences that foster meaningful relationships and collaborative problem-solving.

Practical Application—Meet with regulatory, technology and clinical experts who provide first-hand demonstrations of AI-powered solutions, advanced analytics and integrated services that deliver measurable improvements to claims outcomes.

—2024 Envision Attendee

Who Should Attend

Enlyte Envision is specifically designed for C-suite executives, VPs, and senior directors responsible for:

- Claims technology and innovation initiatives
- Casualty and liability claims operations
- Workers' compensation and disability management
