# Selene Guzman

## Sr. Regulatory Affairs Specialist, Enlyte

Selene brings over 12 years of health care experience in regulatory compliance and workers' compensation. With deep knowledge of state fee schedules and multi-jurisdictional regulatory requirements, she translates complex compliance needs into practical guidance for operations and billing teams. Her background in health care systems, data analytics, and compliance monitoring enables her to identify regulatory gaps and support informed decision-making. Selene is committed to staying current on evolving health care regulations and advancing her expertise in regulatory strategy.
