Start: April 21, 2026 @ 8:00AM EDT On-Demand End: @ On-Demand Location: Baltimore, MD

At the NOSSCR Spring Conference in Baltimore, Genex is continuing to elevate its national presence as a leader in SSDI and Ticket to Work services through a dynamic presentation led by Jennie Gailey, Esq. and Sarah Deaver, Esq. Their session explores how Employment Networks, coordinated service delivery, and proactive case strategy can remove barriers to work while protecting claimant benefits, bringing practical, real-world insight to an audience of Social Security representatives. By emphasizing outcomes-focused advocacy and integrated TTW support, Genex is showcasing its differentiated model for accelerating return-to-work success and reducing long-term disability exposure for clients.
